

## **SKANDILOCK CURLY 12mm**

Art.No 1111033-

Skandilock Curly 12mm is developed for furniture upholstery but can also be used for different furnishing assignments. The wool has a curly texture and is high in density which makes it durable and soft. The wool is cut to 12mm which reduces the density somewhat compared to Curly 17mm. This creates a somewhat sharper look and can give upholstered furniture a cleaner contour. The shorter wool also makes the sheepskin even easier to keep clean.

Curly 12mm comes in Classic Collection where the wool has been dyed with highlighted tips and darker base which gives the overall appearance a beautiful marbled finish.

### **Origin raw material**

Australian Crossbred, Lamb/Sheep

### **Leather**

Thickness: 1-3mm

### **Wool**

Length: 17 mm

Curly character

High density

### **Colors**

### **Tanning process**

Synthetic tanned/Crom III

### **Certification**

OEKO-TEX classified (class II)

### **Color fastness to artificial light**

(SS EN ISO 105-B02:2014)

All colors: >5

### **Color fastness to rubbing**

(SS EN ISO 105-X12:2016)

Dry: 5                      Wet: 5

### **Fire safety**

Tested and approved in accordance with:

EN1021-1, EN1021-2, BS 7176, BS 5852:2006 (Crib 5), CAL, TB117:2013, FAR §23.853, ISO 8191-1, ISO 8191-2

### **Washability**

30 degrees Celsius. No bleaching/No ironing/No tumble drying.

*Natural variations in color shade and wool character are likely to occur. When dyeing the skins, differences in fiber thickness and overall density means that the skin's ability to absorb dye varies within the same color batch.*
