

Skandilock Curly 17 mm

Art. no 1111001-

Skandilock Curly 17mm is developed for furniture upholstery but can also be used for different furnishing assignments. The wool has a curly texture and is high in density which makes it durable and soft.

Curly 17mm is available in two colour collections. The Classic Collection consists of colors where the wool develops lighter tips and a darker base during the dyeing process, creating a beautiful marbled finish. In the Standard Collection, the wool is dyed in a single tone, resulting in an even colour that highlights the natural curl and texture of the wool.

Natural variations in color shade and wool character are likely to occur. When dyeing the skins, differences in fiber thickness and overall density means that the skin's ability to absorb dye varies within the same color batch. As a result, color shade and wool structure may differ from our samples.

Colours

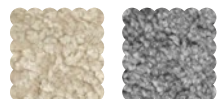

Classic collection

-07 Sahara* -14 Charcoal -15 Espresso

-18 Maple* -19 Cork* -20 Drake*

-21 Mohawi* -22 Scandinavian Grey

Standard collection

-01 Black -02 Offwhite* -08 Honey*
